Summary

Full Stack Developer with 2+ years of experience building dynamic web applications using **JavaScript**, **React.js**, **Node.js**, **Oracle SQL**, and **MySQL**. Committed to clean code, performance optimization, and continuous learning. Proven ability to quickly adapt to new technologies. Seeking opportunities **outside Algeria** to contribute my skills and grow in a global environment.

Education

Bachelor of Computer Sciences

University of 8 Mai 1945, Guelma, Algeria

Graduated: July 2024

Field: Computer Sciences

Specialization: Network and Web Technologies

Relevant Coursework: Algorithms and Data Structures, Web Foundations, Systems and Networks, Object-Oriented Programming, Software Engineering, Human-Machine Interface

GPA: 14.73/20 (Equivalent to approximately 3.7/4.0)

Work Experience

Internships

Technological Institute specialized in animal production, Guelma, Algeria

Jan 2024 – Jan 2024 (15 days)

- Developed a basic desktop application to store and manage student data, enabling easy search functionality and quick retrieval of student information.
- Integrated a feature to generate and print institution papers based on stored student data, significantly speeding up administrative tasks, reduced administrative task time by 30%.
- Utilized programming skills to create an efficient and user-friendly solution for the institution's needs.

Skills

- **Programming Languages:** JavaScript, SQL
 - **Frameworks & Libraries:** React, Node.js, Bootstrap
 - **Databases:** MySQL
 - **Tools & Technologies:** Git, VS Code
 - **Soft Skills**
 - **Team Leadership:** Led academic group projects, ensuring timely delivery and effective collaboration.
 - **Communication:** Presented technical projects clearly, receiving positive feedback for engaging explanations.
 - **Quick Learning:** Mastered new technologies (e.g., React.js, Node.js) quickly to deliver projects ahead of schedule.
 - **Adaptability:** Thrived in dynamic environments by adjusting to changing project requirements and team dynamics.
-

Languages

- Arabic: Native
 - English: Proficient
 - Dutch: Basic
-

Projects

ALG Courses Dec 2024 – Jan 2025

- Created a full-stack website for managing courses and quizzes, enabling teachers to interact with students effectively, improved user engagement by 20% .
- Utilized Node.js and React.js, along with skills in API integration and responsive design.
- Associated with Université du 8 mai 1945 Guelma.

Lessons and Attendance Management Jan 2025 – Present

- Developed a full-stack web application for managing students, teachers, classrooms, modules, and sessions.
- Built using Node.js and React.js, with additional skills in database management and UI/UX design.
- Associated with Université du 8 mai 1945 Guelma.
